of this instrument, and to complete the same in accordance with  
said plans and specifications, in a firstclass, workmanshiplike  
manner on or before the first day of May, 1924.

That all work and labor performed shall be done in a  
firstclass manner and under the supervision and to the satisfaction  
and approval of George Junor, who is hereby appointed superinten-  
dent of construction, or such other person or persons as the  
first party may from time to time appoint for such purpose.

The work and labor herein contracted to be done and  
performed does not include either excavation, electric wiring,  
plumbing, heating or painting. The work and labor to be  
performed is set forth and specified in the <sup>plans and</sup> specifications hereunto  
attached.

112

The first party hereby agrees to furnish, without cost to the second party, all of the materials necessary to be used and employed in the construction, erection and completion of such building, including nails and hardware. That the same will be deposited at a convenient place near the building site. The first party also agrees to make all necessary excavation, without cost to the second party, and will complete such excavation and have such materials, or sufficient thereof, to begin active work on said grounds on or before ten days from the date of the execution of this instrument, and will promptly furnish and deliver on the ground, without cost to the second party, as needed all necessary material.

Should any dispute arise between the second party and the said superintendent in charge as to the proper or sufficient performance of labor, or as to the construction of the plans and specifications, or as to any other matter concerning or relating to the construction of said building, the same must be referred to R. R. Bartlett, architect, of Astoria, Oregon, for his decision, and his decision on such matter or matters shall be final and binding upon both parties hereto.

The first party shall have the right, during the progress of the work, doing as little interference with the second party as possible, to place in said building the necessary plumbing and wiring, as well as painting. In that regard, however, it shall work in harmony with the second party so as not to unnecessarily cause any delay or any extra work.

In case the second party shall destroy any of the building material through his carelessness or negligence or failure to follow the plans and specifications, or in the fitting thereof, he shall pay the first party the actual cost thereof to the first party, delivered on the ground. All building materials and employed in the construction and completion of said

building shall be, of course, the property of the first party, excepting, of course, such as the second party may have damaged by reason of his carelessness, negligence or failure to perform his contract as hereinbefore specified. Upon the payment for the same, of course, the same shall become the property of the second party.

In case the superintendent in charge or architect aforesaid shall determine that the work that the second party shall have done in said building, before the acceptance thereof, shall not be in accordance with the plans and specifications hereunto attached, the second party agrees to remove such work and to make the same conform with such plans and specifications, to the approval and satisfaction of the superintendent in charge.

In case the second party shall fail, neglect or refuse to perform the terms of this contract on his part required to be done and performed, or shall, in the opinion of the superintendent in charge, refuse to perform the work in a firstclass, workmanshiplike manner, or shall fail, neglect or refuse to comply with the specifications for the construction of said building, or shall quit or abandon the work, then, in that event, the first party shall have the right, upon giving the second party three (3) days' notice, to take possession of the work and may complete the same in accordance with the plans and specifications, and if the cost thereof, together with whatever payments the first party shall have made the second party, shall exceed the contract price herein stipulated, the second party shall, on demand, pay the first party such difference.

The contract price for the work and labor required to be done by the second party herein in the construction and completion of the structure herein contracted for is hereby agreed to be Two Thousand Three Hundred and Seventy-one and 27/100

(\$3371.27), which sum shall be paid the second party by the first party, accordingly as provided by the specifications, namely, a sum equal to eighty-five per cent. (85%) of the labor cost incurred at the time and when the frame of the building shall have been erected and closed on the outside and roofed. The balance and final payment shall be made within fifteen days after the building shall have been fully completed and accepted by the first party, and a certificate of acceptance in writing signed and delivered by the superintendent in charge. Provided, always, should said building not be completed and certificate of acceptance issued as aforesaid by the first day of May, A.D. 1924, unless such delay shall have been produced by storms rendering it impractical to work thereon, or failure to deliver on the ground the necessary materials, or acts of God and the elements over which the second party shall have no control (he having at all times sufficient skilled labor to otherwise have completed same within such time), then the second party shall pay to the first party a sum equal to \$10.00 for each <sup>day</sup> thereafter that such building shall remain incompleted and unaccepted.

In order to insure and guarantee the true and faithful performance of this contract on the part of the second party, the second party agrees to, within ten days from the date of the execution of this contract, furnish and deliver to the first party a good and sufficient bond, to be approved by the first party, executed by a surety company, to be approved by the first party, in the penal sum of \$2000.00, conditioned that said second party shall, in all respects, fully perform all the terms and conditions of this contract on his part to be done and performed, and that he will seasonably pay all persons by him employed on said building, or by him employed in or about said work, when due.

Should the second party fail or refuse to pay any laborer or laborers who has or have performed any labor on said building for or on his behalf, then the first party, upon certificate from the superintendent, shall pay such laborer or laborers the amount due him or them, as shown by such certificate, and when so paid, the second party agrees to repay such sum or sums, and the amount and amounts thereof shall be deducted from the contract price hereinbefore mentioned.

IN WITNESS WHEREOF, The parties hereto have caused these presents to be executed, in triplicate copies, this 7<sup>th</sup> day of January, A.D. 1924, the first party by its President and Secretary and its corporate seal hereunto affixed, pursuant to a resolution of its Board of Directors heretofore duly adopted and passed authorizing the execution hereof, and the second party by his hand and seal.

ATTENTION: E. Orwick  
Membership Chairman

Gentlemen:

Enclosed is a certificate of membership in the Astoria Golf and Country Club, No. 48, which I request you attempt to sell for me for the sum of \$220.00. I have enjoyed my membership in this club, dating from 1924, and wish to express my appreciation, as well as my wife's, for the many good times, golf-wise and socially through the years.

I want to call to your attention that I was eligible for the senior non-pay membership due to my age and the number of years having been a member, two years ago. We expect to visit Astoria occasionally during the coming years, and would appreciate the courtesy of you extending us a courtesy card while we are in the area.

Enclosed also is my check for \$68.75, which you are authorized to cash when, and if, you are in the position to mail me the \$220.00 from the sale of this membership. My best regards to you all.

Very truly yours,

*Frank O. Berg*

Dear Charles:

I am tired of receiving notices of dues on my stock in your Golf Club, and have concluded that the best way out of it is to turn in the stock, which, I believe is allowable under your new by-laws.

As a matter of fact, I think if the original by-laws would still govern under which I merely held membership and did not pay any dues, but I do not care to take advantage of that and prefer to sever my connection with the Club.

Very truly,

Section 3. Any member introducing a non-resident as aforesaid shall be responsible for the payment of any indebtedness to the Club contracted by him.

Section 4. In case of death, the obligation to pay dues shall end as of the time of death. At the time of acceptance of resignation, or upon notification of death, as the case may be, the Board shall fix the price at which such membership shall be sold. The price so fixed shall represent the amount of the dues for the year in which the membership certificate is then fairly worth and such price shall not be less than \$75.00.

(b) The membership certificate shall then be offered for sale at the price so fixed, to an applicant who has been duly elected to membership in the manner hereinafter provided. Provided, no such certificate shall be sold or transferred, until the regular membership of the Club shall be at least 150, and then only as hereinafter mentioned. If at the time there is a waiting list of such applicants, the certificate shall be offered to such applicant or applicants as shall be determined by the Board of Directors.

(c) Upon acquisition of the certificate, and upon registry of the change of ownership with the Secretary of the Club, and upon payment of the transfer fee herein provided for, the purchaser shall become a regular member of the Club.

(d) No change of ownership shall be registered by the Secretary while there remains unpaid any indebtedness due from the holder, nor until there shall have been paid by the seller to the Club a transfer fee in an amount to be fixed from time to time by the Board; but such transfer fee in no event shall be greater than 5% of the membership fee then fixed.

Section 6. The foregoing provisions of Section 5 of this Article shall not apply to the transfer of a membership certificate to a son or son-in-law of the holder of the certificate, nor to the transfer of a membership under the terms of the will of a deceased member. ## Storm's First Hurricane Aims At Tampa Bay

MIAMI, Fla. (AP) Tropical storm Abby developed into hurricane today, before noon today and aimed her powerful winds at west Florida's Tampa Bay area.

"It is a hurricane," said forecaster R. M. Chappin at the Hurricane Center in Miami. "Her top winds are 75 mph in gusts and the storm will be over Tampa Bay area by late afternoon."

At noon, Abby was centered 170 miles south-southwest of Tampa at latitude 25.6 north and longitude 82.3 west. The storm was moving northward at about 15 miles an hour.

Abby whipped up early Sunday, the second day of the six-day hurricane season, near Florida's Yucatan Peninsula. Dr. Robert H. Simpson, director of the hurricane center, described development of the storm as a "superball" situation.

The storm was caused by the merging of two weather systems, one with a low pressure center and the other with a high pressure center.

The storm was moving at 15 mph when it was first detected by the U.S. Navy's fleet of ships in the Gulf of Mexico. It was first detected by a U.S. Navy ship in the Gulf of Mexico.

## 44-Year-Old Clubhouse Destroyed

Fire had pretty well accomplished the destruction of the clubhouse at Astoria Country club when Daily Astorian photographer Don Roberts took this shot Saturday morning. The

building was erected in 1924, remodelled in 1947, and remodelled again this year. Destruction was total, but a nearby newly-built pro shop was saved.

The Associated Press. WASHINGTON, June 7.—The president declared in a letter published today that, by accepting membership in the world court, the United States "may make its national contribution to the civilization of civilization, while at the same time surrendering nothing of the advancement of independence" now enjoyed by the American people.

The president's letter was to William D. Taft, head of the national council of the Protestant Episcopal church, who wrote the president that many thousands of Americans are in a state of honor that, in some way America should contribute its influence to rehabilitate the countries of Europe.

POISON BOTTLE SELLER TAKEN; ADMITS TRADE

SEATTLE, June 7.—James J. Bell, 41-year-old Seattle man, was jailed today following his arrest by several agents on a charge of the sale of poison liquor bearing spurious labels of many well known brands.

The arrest was the first move to round up two men who are flooding Seattle with denatured alcohol under the guise of high-grade bonded goods.

A roll was passed for all members of the club to be sent to the club house at 10 o'clock on Sunday morning to accompany the head committee on an inspection of each of the four sides. A meeting will be held following this inspection on that day, when the final plan for the purchase will be selected.

The meeting last evening adopted a resolution providing that no resident of Boston who is a member of the club will be permitted to join the club unless he is recommended by a member of the club who is a resident of Boston.

### THE CRANFORD "HORSE SHOE" SAVES OWNER FROM MOTOR

Lloyd "Bike" Cranford, president of the Rednet plant, wears a horse shoe around his neck, or at least he has one around his neck.

Twice within the past few months he has been in serious auto accidents and has emerged from each one without a scratch.

Now he has been run down by an automobile and has emerged unscathed.

As Cranford was walking home on Taylor avenue across from a factory over 11 feet high on an automobile more down on him, struck him and sent him off to the right of the road. The inevitable horse shoe, Cranford's, which carried the force of the blow, which crumpled the car's bumper, and at the same time threw him clear of the auto which did not run over him.

By the time the motorist was arrested and hurried back to work, he knew he had struck a man. Cranford had a hard time convincing the driver that he was the striker, but he had immediately picked himself up none the worse, save for a few bruised bones.

The driver of the automobile, caught to give Cranford his name, and the policeman, somewhat dazed after his session, said he didn't want to know it. He says, however, that the driver was a fairly large man on his feet and there were two or three of them with him.

Cranford is now in the hospital, but the appearance of his neck is all right.
